## HEAVY LOSSES ACCOMPANY NAZI GAINS

London And Moscow Join  
In Air Bombing Of Berlin  
And German Industries

LONDON, (UP)—A Russian war communique asserted today that the whole of Rumania had been cut off from railroad communication to the sea and that the main Rumanian oil pipe line to the seacoast had been severed by Russia's destruction of a bridge across the Danube at Cerna Voda, 90 miles east of Bucharest.

## "Lost" Division

MOSCOW, (UP)—A detachment of barefoot Russian troops was reported today to have routed a German motorized division and a Soviet communique claimed that two more divisions, including one of Adolf Hitler's picked "SS" troops, had been smashed.

The barefoot detachment had been encircled for 32 days and was battling its way to the Russian lines when it encountered the German motorized division.

The dispatches said that the Russians, called by the Nazis "the wild Bolshevik division," killed 3000 Germans, seized 300 munitions trucks and hundreds of motorcycles. They arrived back at Russian lines barefoot and most of them in tattered German uniforms.

## 184 Planes Destroyed

BERLIN, (UP)—The official news agency DNB said today that the Luftwaffe and anti-aircraft guns destroyed 184 Russian airplanes, including 121 shot down and 63 destroyed on the ground.

By JOE ALEX MORRIS  
U. P. Foreign News Editor

Adolf Hitler's behind-schedule invasion of Russia pierced farther into the Ukraine-Black Sea area today but apparently at the cost of "prodigious" losses inflicted by the Red army counter-blows and a big-scale British-Soviet aerial offensive against the Nazi war machine at home.

Although Moscow reported no important developments on the war front, the German high command said that Axis forces were pursuing the Russians toward Black Sea ports from which evacuation of encircled troops, particularly in the Odessa area, had started.

The increasing price of the Nazi's third offensive and the anxiety of Hitler to speed operations was indicated by military and diplomatic (Continued on Page Three)

## Fire Suspect Is Held For Trial

Charles Edward McKay  
Jailed In Lieu Of  
Bail Set At \$2,000

An information was on file Wednesday morning in Superior Court charging Charles Edward McKay and Worley McMurray with arson.

McKay, returned Tuesday morning from Humboldt County by state Division of Forestry investigators, was bound over for trial at a preliminary hearing Tuesday afternoon before Justice of the Peace T. F. Lewis and in lieu of bail set at \$2,000 was remanded.

McMurray continues at large, having escaped from custody on July 12, and is wanted on other charges in addition to the arson complaint.

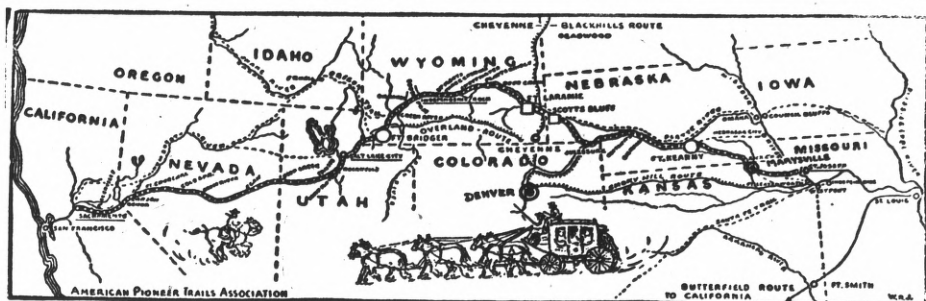

The sheriff's office reports that McKay separated from McMurray before the latter became involved in the series of bandit escapades charged to him and to Ray Vincent, who since has pleaded guilty and is in prison.

The complaint against McKay and McMurray charges them with setting fires on July 1 on the property of E. C. Harrington.

Mr. and Mrs. Charles Schaeppi are home from a visit in the bay district and brought with them as a souvenir of Mr. Schaeppi's fishing in Carquinez Straits, a twenty-eight pound striper.

Mrs. Ella Norris was among callers in the county seat Wednesday from Coloma.

F. J. Frost is here for a few days from his home at Stevenson.

PIONEER WESTERN TRAILS and Stage Coach Routes are shown in this map released by the American Pioneer Trails Association in connection with its first annual "rendezvous" in progress this week at Marysville, Kansas, and Denver, Colorado.

## COUNTY'S AIR UNIT CERTAIN

Response At Tuesday  
Meeting Enthusiastic;  
Go To Auburn Thursday

Aviation enthusiasts who have been active in promoting organization of a unit of the state guard air corps for El Dorado County reported Wednesday morning that the creation of the local unit is assured, as far as minimum enrollment is concerned.

At a meeting Tuesday night at the War Veterans' Memorial Building, an enrollment of twenty-two was indicated. This is two more than the minimum requirements and proponents said that the number of others who are interested but who were unable to attend the meeting promises that there will be a waiting list for membership in the local unit of the corps.

All who attended the meeting Tuesday night, and any others who desire to will meet Thursday evening at 6:30 o'clock on Main Street opposite the courthouse, to go to Auburn for a drill period and for further conferences upon the formation of the air unit.

As originally proposed, the Mother Lode Squadron was to have headquarters at Auburn, with constituent units called "flights," in Grass Valley, Auburn and Placerville.

Local enthusiasts are proposing that the muster for the Placerville flight be held either Sunday, August 17, or Sunday, August 24th. If the last date is selected, the ceremony may become a part of the program for the County Fair on that day.

## U. S. IMMIGRATION BORDER PATROL APPLICATIONS ARE INVITED

The United States Civil Service Commission has announced an examination for Border Patrolman, \$2,000 a year, for employment in the Border Patrol, Department of Justice. The salary is subject to a retirement deduction of 3½ per cent. Registers will be established for the following Border Patrol districts: (1) Southwest A, including the States of California, Nevada, Utah, and the Territory of Hawaii; (2) Southwest B, including the States of Arizona, Colorado, Kansas, New Mexico, Texas, and Oklahoma. Vacancies to be filled from eligible registers established from this examination will be on or near the Mexican Border. Applications must be on file with the Commission's Washington office not later than September 11, 1941.

Applicants must show that they have had certain experience requiring a regular program of arduous physical activity or training, such as that required of park rangers, forest rangers, members of survey parties, lifeguards, and linemen for utility companies.

The United States Immigration Border Patrol is a uniformed police organization, and its primary function is to detect and prevent the smuggling and the illegal entry of aliens into the United States. The duties of this position are arduous and the physical and other standards that must be met are necessarily rigid. The age limits are 21 to 35 and will not be waived in any case. Eligibles selected for appointment will be required to take an extremely intensive course of training usually at the border patrol training school at El Paso, Texas. Failure to pass this course will be sufficient cause to separate appointees from the service.

Full information as to the requirements for the examination, and application forms, may be obtained from John S. Nelson, Secretary of the Board of U. S. Civil Service Examiners, at the Post Office in this city.

Mr. and Mrs. George Wolfskill and son, Lee, are spending this week with Mrs. Alma Hobson and brother, Arthur J. Koletzke.

## American Pioneer Trails Association Holds First Annual "Rendezvous"

With four governors and scores of other public officials taking part, several hundred members of the American Pioneer Trails Association, from every part of the United States, are joining this week in a commemorative trek from Marysville, Kansas, where three of the great western trails converge, to Denver, Colorado.

Amid pageantry and dedication ceremonies at many points, the delegates—some of them survivors of Covered Wagon and Pony Express days—are proclaiming, "The spirit of the pioneers as the first line of national defense," according to Dr. Howard R. Driggs, the association's president.

The old Overland Stage, with Governor Nels H. Smith of Wyoming as its official driver, will once again make the run from Deadwood, through Cheyenne, to Denver. At that place, Governors Ralph Carr of Colorado, Rater of Kansas and Carville of Nevada; Major Stapleton of Denver and Chief Justice F. E. Bouck, of the Supreme Court of Colorado, will join with association officials in a gala reception.

It is the first national convention, or "rendezvous," of the American Pioneer Trails Association, which is a recent expansion of the Oregon Trail Memorial Association, whose many years of historic research, the re-locating of frontier trails and "story spots" and the permanent marking of pioneer graves has won it national acclaim, since it was founded by Ezra Meeker.

Dr. Driggs, a native of Utah and now professor of English Education at New York University, has led the association since 1928. Accompanying him from New York, is William H. Jackson, research director—now in his ninety-ninth year—Civil War photographer and by turns "bullwhacker" and "mule skinner" and still active as a painter of scenes of the old frontier.

In the New York party, also, are Martin S. Garretson, secretary of the American Bison Society, and Major Arthur W. Procter, attorney and secretary-treasurer of the association.

Assembling at Marysville on Monday the cavalcade began its pilgrimage at once to the "story spots" along the highways—the old Oregon and Pony Express trails—pausing to review the highlights of western history, recalling the Concord coaches drawn by fractious little mules or horses and carrying their loads of passengers and mail.

There were remembrances of Mark Twain, Horace Greeley and other famed passengers; of Russell, Majors, Waddell, Butterfield, Holladay, Wells, Fargo and other picturesque promoters; of noted old stage drivers like Hank Monk, Bill Streeter and George Emory.

On the first day a marker was unveiled at Bremen, Kansas, and a monument dedicated at the Hollenbeck Station State Park, now owned and preserved by the State of Kansas. A pioneer dinner at Marysville concluded the day's program.

On Wednesday the party traveled along the old Overland Stage Route, stopping at Hastings, Fort Kearney and Gothenburg, Nebraska, and thence to North Platte, Nebraska, to spend a night there.

Continuing on this route Thursday, the caravan will be met by the Colorado delegation at the state line and participate under its leadership in the dedication of markers and the re-dedication of the Oregon Trail monument at Julesburg. The next visits will be at Fort Sterling and Sedgwick; The museum and Pioneer Park. There will be a historical assembly in the evening.

Early Friday morning the caravan will leave Sterling and have breakfast at Fort Morgan, the site of the original military fort, then proceed to Fort Latham and Greeley and have luncheon at the Pioneer Museum at Fort Collins, dedicating it and the Pioneer Log Cabin there. It will afterwards leave for Denver via Loveland, Longmont and St. Vrain Valley, visiting his-

toric points en route. The annual convention dinner is to take place at the Albany Hotel, Denver, Friday evening—its theme: "America's Greatest Safeguard—the Spirit of its Pioneers." Chief Justice Bouck will be chairman and Major Procter, the toastmaster.

Governor Carr will proclaim a welcome to Colorado and Governor Smith's theme is: "Wyoming Toasts Colorado." In succession, "Old Oregon," "Old Colorado" and "Old Nebraska" will be the toasts of Philip Parrish, LeRoy R. Hafen and H. J. Dollinger, while "From Sagebrush to Empire" will be the toast of J. D. Giles, "Jim Bridger Lives Again" to be the theme of Julius F. Stone, who knew and associated with the famous old scout.

Mr. Jackson, the aged artist and research director, has chosen the title of his noted book, "Time Exposure" as his keynote and Dr. Walter M. Stookey will expound on "Where and When Did the West Begin?" Hon. Bryant B. Brooks will present "The Roundup" and John Ellenbecker and others will be heard, before Dr. Driggs concludes (Continued on Page Three)

## BURGLARY SUSPECT HELD FOR TRIAL; BAIL SET AT \$2,000

George B. Walrath, 21, of Roseville, was bound over for trial in the Superior Court on a charge of burglary at a preliminary hearing Tuesday afternoon before Justice of the Peace T. F. Lewis.

He had been arrested by Deputy Sheriff E. Y. Gray on the complaint of M. S. Edson, of Sacramento, who charged he had entered a cabin owned by Mr. Edson near Barton's Cabin, east of Georgetown.

## ICE PICK INJURY SENDS SMITH FLAT MAN TO SANATORIUM

Frank Arwood, of Smith Flat, was under observation Wednesday at Placerville Sanatorium after reporting for treatment of a six-inch gash in his left side above the hip.

In the absence of dangerous indications, there were hopes that Arwood had not been injured internally.

The man is employed by the Crystal Ice Company, of Sacramento, and was engaged in icing a refrigeration car at the F. M. Small fruit packing shed when a co-worker asked him to pass an "ice pick" up to the top of the car.

The "ice pick" should not be confused with the cocktail size. It is described as a five-foot steel bar with a point on it.

Arwood passed the pick up and the man who was to take it fumbled it and dropped it, Arwood being struck in the side.

## Eagles Auxiliary Will Initiate August 25

At the regular meeting of the Eagles Auxiliary on Monday evening, with President La Verne Rohrer in charge, plans were made for an initiation at the meeting on August 25. All officers will wear formal attire.

Mrs. Dewella Shepherd with Mrs. Norma Humphreys and Mrs. Violet Potts will constitute the refreshment committee and the entertainment for the evening will be arranged by Mrs. Mary Merrymann and Mrs. Florence Eskew.

Other business of the Monday night meeting included reading of one application for membership.

Glen Melson is up from the bay district, where he is employed with the National Ice and Cold Storage Company, spending a vacation with his parents, Mr. and Mrs. Roy Melson, of Diamond Springs. Glen seems to thrive on the bay climate.

Mrs. Lou Chalmers was a visitor in Placerville Tuesday from Los-

## ARMY SERVICE EXTENSION ENDORSED

House Approves Senate  
Measure With Changes;  
Fast Action Sought

El Dorado County's quota for the sixteenth draft call, which is expected to be inducted the latter part of this month, is four men. This is according to a United Press report from Sacramento.

Ray Daniels is the man who will report next Monday at Sacramento, supplying the county's quota in the fifteenth call.

WASHINGTON, (UP)—Administration leaders hoped today that the senate will accept the house version of army service extension legislation in order to speed it to the President for signature.

The house passed by a 203 to 202 vote last night a resolution differing only slightly from legislation the senate had approved earlier.

The senate, which does not meet again until Thursday, could complete congressional action by accepting the house resolution.

Otherwise, the legislation as passed by the senate and house would have to be sent to conference to reconcile their differences. Leaders admitted that such a development would result in serious delay to the legislation.

Sen. Elbert D. Thomas, D., Utah senate manager of the legislation, announced that he would ask concurrence in house modifications, unless some major conflict between the two versions was disclosed by further study of the house resolution.

The senate and house resolutions both provide for retention of the draftees, national guardsmen, reserves, and enlisted regulars for 18 months beyond their normal service.

They also conclude a declaration that the national interest is "impaired" and provide for raises of \$10 per month for all classes of troops, except commissioned officers, after they have completed their first year of service. The existing limitation of 900,000 upon the number of draftees who may be in training at any one time is lifted.

The house vote on the legislation was the closest any major administration measure has experienced since the outbreak of the European conflict.

## U. S. May Seize Shipyard

Executive Order Being  
Prepared For Return Of  
President From Cruise

## By UNITED PRESS

Defense officials today drafted an executive order for seizure of the Federal Shipbuilding and Drydock Company plant and considered Gov. Charles Edison's request that the state of New Jersey be allowed to intervene.

A high official said the company's proposal for operation of the Kearney, N. J., shipyard by the navy was unsatisfactory and indicated the government would reject it. He said an executive order, authorizing government seizure, was being drafted to be ready for President Roosevelt's signature when the chief executive returns from a vacation cruise.

## Expected Friday

WASHINGTON, (UP)—President Roosevelt is expected to land somewhere on the northeast coast in a day or two and then he may dispel the great mystery surrounding his vacation cruise—whether he held an epic conference with British Prime Minister Winston Churchill.

Since he embarked on the cruise in the North Atlantic August 3, only cryptic messages have come from the yacht Potomac, and there haven't even been any of those since Saturday.

At Swampscott, Mass., where the White House secretariat and correspondents were awaiting the President's landing, there was no definite word, except that there appeared to be no likelihood of the yacht putting in before Friday.

Mr. and Mrs. Marshel Conrad, of Pacific, are the parents of a son, born Tuesday at a Sacramento hospital.

## Fourteen-Pound Baby

Nurse Rodgers holds Thomas Rosette in St. Agnes Hospital, Philadelphia, where the infant heavy-weight made his debut into the world scaling fourteen pounds and half an ounce. The baby's mother, Mrs. Susie Rosette, is doing well.

## "ENEMY" OFF WEST COAST

Army Reports Monterey  
"Shelled;" 100,000 In  
Fort Lewis Maneuvers

SAN FRANCISCO, (UP)—An imaginary invasion of the Pacific coast by a powerful enemy force today set the stage for next week's mass army maneuvers which will sent 100,000 men into the field around Fort Lewis, Wash.

Although no army units will start moving until next Saturday, problem directors created a realistic setting of the invasion picture by day-to-day "communiques" which outlined the defense problems to be solved by the maneuvers.

A "coalition of navy powers" was assumed to have captured Hawaii and concentrated an invasion force there. The problem specified that bad visibility off the coast made aerial reconnaissance impossible, leaving the entire coast of California, Oregon and Washington open to surprise attack.

All army and harbor defense units on the coast were on a maneuver alert basis to repel an attack at any point.

"Communiques" said the first attack came Monday at Grays Harbor, Wash., and was repulsed. Monday night the enemy theoretically struck at Monterey, Calif., and had shelled the city successfully.

The Washington coast, where the ultimate attack will come, was reported quiet. An "enemy bomber" was reported over Fort Stevens at the mouth of the Columbia River, indicating that the invaders had posted an aircraft carrier offshore.

Fifty thousand troops actually are at Fort Lewis and the other 50,000 men will start moving into the area this weekend. Approximately 30,000 men will come from California by train and truck caravans.

## 6 BILLION MORE FOR LEASE-LENDING TO BE ASKED

WASHINGTON, (UP)—The administration's second lend-lease program, calling for appropriation of approximately \$6,000,000,000, will be submitted to congress shortly after President Roosevelt returns to the capital, informed sources said today.

The new funds will be sought even though less than \$6,000,000,000 of the original \$7,000,000,000 lend-lease appropriation has been allocated to federal agencies which contract for war-aid supplies.

Officials said that a substantial amount of the new funds would be allocated to the purchase of food supplies. War planes, mostly heavy and medium bombers, and ordnance, primarily ammunition and artillery, will require most of the remainder.

## Richard William Frost Lives But Seven Hours

Funeral services will be held Thursday morning at 10:30 o'clock at Memory Chapel for Richard William Frost, infant son of Mr. and Mrs. Urban Frost, of Placerville.

The Rev. Don De Pasquale, pastor of the Placerville Church of the Nazarene, will officiate. Interment will be at Union Cemetery.

The baby, born Tuesday at a hospital in Sacramento, passed away about ten o'clock Tuesday evening, living but seven and one-half hours.

## LEGION NEARS CONCLUSION OF MEETING

State Convention Tables  
Resolution Opposing  
U. S. Aid To Russia

SACRAMENTO (UP)—A resolution opposing United States war aid to Russia was defeated last night at the 23rd annual California state convention of the American Legion.

The resolution had been approved by the convention's Americanism committee. Other resolutions urging suppression of un-American activities were adopted by the convention.

With resolutions work completed, the convention turned today to election of officers, with the principal interest centering on the contest for the position of state commander. John D. Home of Hollywood and Robert Garner of San Bernardino were candidates.

The Russian aid resolution was tabled by a voice vote on the motion of Fred Crump, Corning, after Jerome L. Hubert of Los Angeles declared it "conflicts with the considered policy of the nation, the army and the navy."

Some 20 other resolutions passed without debate. Among them were statements of policy demanding that use of school buildings be denied subversive groups, favoring establishment of a 21 member state committee to examine school textbooks, asking disbarment of attorneys favoring communism and adoption of a law requiring war refugee immigrants to declare their intention of becoming citizens within three months after entry.

Other resolutions favored Legion action to maintain the morale of selectees and aid them in finding jobs after discharge, approved of extension of selective service, urged prohibition of foreign language broadcasts unless followed immediately by English translations, and suggested that foreign language publications print parallel translations.

## Legionnaires Bowl 'Em Over

El Dorado Keglers Second  
In Tournament Staged As  
Annual Convention Feature

El Dorado Post No. 119, American Legion, placed second in the team events in the bowling tournament held this week at Sacramento as one of the entertainment features in connection with the annual state convention of the Legion.

Municipal Post, of San Francisco, was first in the team event with 2,815 and the El Doradoans were second with 2,663.

El Dorado Post was represented by Paul R. Smith, Dr. T. E. Jones, L. J. Anderson, L. A. Raffetto, and Bill Byrnes.

Series scores for the quintet were, Smith 508; Jones, 480; Anderson, 447; Raffetto, 469, and Byrnes, 511.

## EIGHT HOUR DAY SUSPENDED FOR WORKERS ON U. S. DEFENSE UNITS

WASHINGTON, (UP)—The White House today issued an executive order suspending the eight hour day for mechanics and laborers employed by the war department on construction of air fields, troop housing units, fortifications and similar public works projects.

The order applies to war department public works projects in the United States only. Similar orders previously had been issued for various categories of workers at outlying defense areas.

Mr. and Mrs. A. J. Engesser were among those in town Tuesday from Green Valley.

Mrs. Philip Frost and her mother, Mrs. Olga Zlomke, were visitors at Sacramento on Monday.

Mr. and Mrs. George Wallace and daughter, Pauline, were here Sunday from Sacramento visiting Mrs. Wallace's mother, Mrs. Olga Zlomke, and Mrs. Philip Frost.

A new gas generator for heating steel furnaces has been developed in Sweden, according to the Department of Commerce.

## Top Hitter Makes a Top Catch

Ted Williams, Red Sox outfielder who is hitting over .400 and leading the league, is shown with the 374-pound tuna he caught off Plum Island, Newburyport, Mass. We don't know why Doris Souhle of Boston is in the picture, but she does make it more attractive.

Robin Godine, rich society girl, falls in love with Cary Craig, who is paying his way through medical school by working for an escort bureau. She hires him to go about with her. He secretly loves her but, because of her wealth, hides his feelings. Finally, however, overcoming his scruples, he asks her to marry him with the understanding that he will wait until he is established as a doctor. Her father, who is bitterly opposed to her marrying such a poverty-stricken young man, tries without success to break the engagement. Another who wants to come between Cary and Robin, is Loris Moline, singer in a beer parlor owned by Cary's foster father, Jed Prosser. In a scheme to get him away from Robin, she enlists the aid of Brad Molere, an ex-convict whom the soft-hearted Jed has hired as a cook.

**CHAPTER XXVIII**  
IT WAS two weeks after John Godine's unsatisfactory interview with Cary Craig. Robin was out in the garden gathering flowers. With a sun hat on her head and a basket swinging on her arm, she made a pretty picture. Usually, there was a song on her lips—but not this afternoon.

She was thinking of Cary. He had seemed so disconcerted lately. He kept worrying about her having to wait so long and what her father might do. Robin sighed and lifted her head.

The smoldering eyes of a girl who watched from behind a corner of the house glowed with hatred. Suddenly, the watcher started running toward Robin, panting as though she had come a long way. Robin whirled, and started in surprise. Why—why, it was Loris Moline! What on earth was she doing here?

Loris seized her arm. "Miss Godine!" she cried. "You must come with me. Quick! Something terrible has happened!"

Robin whitened. "Cary..." she whispered.

"Yes!" Loris said frantically. "He's—"

Robin's basket and sheers tumbled to the ground.

"What..." she gasped, through gray lips.

"An accident," Loris sobbed. "He's... oh, I think he's dying!"

Robin stood as though stunned.

"Come! Come!" Loris was tugging at her, pulling her toward the street. "He wants you—he sent me to get you!"

Robin was following like an automaton.

"Where..." she whispered.

"They carried him into an apartment. He's there now. They

## AMERICAN PIONEER TRAILS ASSOCIATION HOLDS FIRST ANNUAL "RENDEZVOUS"

(Continued from Page One)

by "A Forward Look with History."

Saturday morning and afternoon until four o'clock will be devoted to business sessions, followed by the dedication of a D. A. R. historical marker, that will take place at Four Mile House on Smoky Hill Trail. In the evening there will be a reception in the museum of the State Historical Society of Colorado, with other pioneer and patriotic groups as the hosts, and a public meeting in the open air Greek theatre at the Civic Center.

Sunday—the last day—there will be a rendezvous at Inspiration Point north of Denver, to dedicate the monument commemorating the Ralston gold discovery; a trek over the prospectors' trail, then through Golden towards Lookout Mountain and the grave of Buffalo Bill Cody and the museum theme.

In succession, visits will be paid at Central City (Gregory Lode, first gold discovery in the Rocky Mountains), Central City Opera House and Teller House; then the caravan is to proceed down Virginia Canyon to Idaho Springs; visit Jackson Diggins; go on to Georgetown to visit a historic gold and silver mine; thence to Gergen Park, Evergreen Lake, Bear Creek Canyon and the Open Air Theatre at the Park of the Red Rocks for a brief musical service before returning to Denver.

## Heavy Losses As Germans Advance

(Continued from Page One)

developments on three other fronts:

1—On the aerial front, powerful British bombing squadrons, led by American made planes and coordinated with the Red air force, pounded with high explosives at Berlin and many other German centers in one of the most widespread attacks of the war.

2—On the far eastern front, Japan's diplomatic and military operations again were geared to support the German war against the Soviet Union in the apparent hope of taking advantage of any eventual Russian collapse in the west.

3—In western Europe, German pressure on the Vichy government built up a new explosive situation in unoccupied France, without, however, forcing immediate action.

The elevation of Vice Premier Admiral Francois Darlan to greater power over the armed forces put the Vichy regime in a position to swing swiftly and more actively into line with the policies of Berlin, especially if a decision should be forced on German demands for use of the French navy or African naval bases such as Bizerte or Dakar.

## Joe Louis To Join Army If Nova Should Win

NEW YORK, (AP)—If Joe Louis loses to Lou Nova at Yankee Stadium in their heavyweight championship bout Sept. 19, the Detroit Negro will join the army, Promoter Mike Jacobs said today.

Louis will become a boxing instructor or aid in recruiting, Jacobs said, and will chance obtaining a furlough to recapture the title from Nova next June. Contracts for the forthcoming bout stipulate a return match if Nova wins.

Jacobs said Louis will not retire, win or lose.

## Fred Wells Resigns At Safeway Meat Market

Fred Wells, who for several years has been in charge of the meat market at the Safeway store, has resigned. He has been replaced by Leo Powers, of Sacramento.

Mr. Powers has had years of experience as a meat cutter and was assigned to Placerville from the Sacramento Safeway organization.

## Missionary Societies Meet August 21st

The two missionary societies of the Federated Church will hold their meeting on Thursday, August 1st, at 7:30 o'clock at the home of Mrs. Elizabeth Sayers. Weather permitting, the meeting will be held in the patio and if the weather is unfavorable, the meeting will be held in the house.

All who are interested are welcome to attend the meeting to become acquainted with the missionary work of the church.

## Douglas Fighters Used In Night Bombing Raids

LONDON, (AP)—Strong formations of British planes attacked German positions on the European coast today after a night during which Royal Air Force raiders bombed Krefeld, Rheindt and Munchen-Gladbach in Germany, the air ministry announced.

All planes returned safely from the night attacks, the ministry declared.

American-built Havoc planes (the Douglas fighters) participated in the night raids. They were attached to the coastal command.

## JAPANESE SEE SELVES IN "CALM BEFORE STORM," SAYS SPOKESMAN

WICHITA, Kan., (AP)—The national semi-pro baseball congress today added another military team to the list certified to enter the national tournament beginning here Friday night, and announced that all sections of the country would be represented for the first time.

The complete list will include five teams from the west, eight from the east, seven from the south and 12 from the middle west. The latest military squad to be chosen was the McDill Flyers, Florida state champions, which flew to Wichita today to begin practice for its first game Saturday.

## S. F. Markets

SAN FRANCISCO, (AP)—Dairy Market:

Butter—92 score 37½; 91 score 34½; 90 score 34½; 89 score 31½.

Cheese—Wholesale Flats 23; trip-lets 22½.

Eggs—Large 36½; medium 33½; large standards 31½; small standards 21½.

Central California eggs—Large grade A 37; medium grade A 34; small grade A 23.

Nye Nissen eggs—Large grade AA 38; medium grade A 34; small grade A 20.

## 32 CLUBS ENTERED IN NATIONAL SEMI-PRO BASEBALL FINALS

TOKYO, (AP)—Japan is in "the calm before a storm" and hostile nations that underestimate Japanese strength are "inviting unfortunate results," a naval spokesman today warned as restrictions on ex-

ports from Indo-China tightened the diplomatic crisis in the Pacific.

Japanese newspapers warned Thailand not to accept Anglo-American guarantees on the grounds that nations which had done so "now are dead." They said Japan would not tolerate any Thailand submission to Britain. The newspaper Nichi Nichi said it was for that reason Thailand had declared her neutrality.

## POPE HALTS AUDIENCE TO HEAR CONFESSION OF YOUNG WOMAN

VATICAN CITY, (AP)—Pope Pius XII interrupted a public audience yesterday to hear the confession of a young, unidentified woman. As pilgrims were kissing the Pope's ring the young woman knelt

before the pontiff and asked that he hear her confession. The Pope immediately sent the prelates and crowd away, heard the confession, granted absolution and imparted an apostolic benediction.

The oil fields of the Russian Caucasus have been producing for 80 years, the Department of Commerce reports.

More than half of the arable lands of Japan are devoted to rice production, the Department of Commerce says.

## Silk Production in a Bronx Basement

For years John Ousta of the Bronx, N. Y., has campaigned for an American silk industry, declaring the United States did not have to depend on Japan for its supply. He has been producing the valued fabric in the basement of his home. These pictures show steps in the silk process. Top, left, is a pile of silkworms eggs contrasted for size with a paper clip. Ousta has a million eggs bred for next year's crop. Top, right, hatched worms feed on mulberry leaves in Ousta's back yard. They're kept in trays from birth until ready to spin cocoons. Bottom, left, Ousta looks over the silk cocoons, which undergo a drying process for about a month before they are unraveled. Bottom, right, the cocoons are reeled into spools. Reeling is the most expensive step, involving labor costs and tedious work.

Stephenson were among those shopping in the county seat on Saturday. Among the others who drove to Placerville were the following, with their families: Mr. and Mrs. George Meyer, Mr. and Mrs. F. A. Tyler, accompanied by Mr. and Mrs. F. Ogle, Mr. and Mrs. Jack Mitchell, Mr. and Mrs. Floyd Cleland, Mr. and Mrs. N. Morey, Mr. and Mrs. E. Morey, Mr. and Mrs. Harley Weir and Mr. and Mrs. J. Jackson.

E. Bishop and wife have returned to Berkeley after spending their vacation visiting his father, Norman Bishop.

Miss Morey and Mrs. Watson have just received word that they have tied for a \$10.00 prize in the National Pathfinder contest.

### COLOMA NEWS NOTES

Mr. and Mrs. Edgar Kimble of Camino were Coloma visitors Sunday.

Mr. and Mrs. C. A. Ceimer, Miss May Younge, Miss Lou Kleinfelder and Henry Younge of Stockton were guests of Mrs. Angle De Long Sunday.

Mr. and Mrs. Lester Reed of Fresh Pond were calling on the Grout family Friday.

Mrs. Mildred Enslor of Cool is driving the Cool-Placerville mail bus for the contractor, Mrs. Orr, during the latter's vacation which she is spending in New Mexico.

J. Bemp and two daughters of Burlingame and H. Cooper of Sacramento were Coloma visitors last Tuesday.

The columnist, Jane Violles, and her husband were out from Placerville Saturday taking pictures of the few old-time houses still remaining in Coloma.

A. R. Eneyart, mining man of Medford, Oregon, was in Coloma Sunday.

John Hume has returned from several days visit with relatives in Sacramento.

Perley Monroe was in Sacramento looking after his property in-

terests.

Frank Hertresh of San Francisco visited friends, the Grant family Monday.

Mr. and Mrs. Dilman Rhorer of Berkeley spent the weekend at their summer home here.

Guests at the H. J. Barnes home Sunday were Mr. and Mrs. D. W. Young and daughter Ilene, of Roseburg, Oregon and Mr. and Mrs. J. H. Chastian of Sacramento.

Weekend visitors at Marshall Park totaled 354. a couple of cars came together at the new entrance to the park Sunday afternoon. We have not been able to get any particulars except the occupants all escaped with a bad fright and some bruises. This is the first accident happening there and no doubt was caused by neglect on the part of the drivers—as the turn into the park is abrupt and should be taken slowly with a weather eye out for

any car coming on the passing Gold Hill road.
